FUND MANAGER'S REVIEW

Market Review

Equity

For the month, the FBM KLCI was relatively flat and edged up 1 point or 0.1% to close at 1,519.94 points. The broader index FBM EMAS rose 0.9% to 10,469.17 points. Smaller caps outperformed as the FBM Small Cap gained 2.9% to 12,988.94 points. Among the regional bourses, Japan and Australia markets were the best performing markets whilst Indonesia, Thailand and Philippines posted substantial declines on the back of increasing inflation fears.

On the local corporate front, Malayan Banking announced a USD1.44billion cash offer for a 44.63% controlling stake in Kim Eng Holdings, a Singapore-based stockbroking firm and will subsequently initiate a buyout offer for all remaining shares in a deal worth USD1.79billion as part of its ambition to be a regional investment bank. Meanwhile, Petronas has awarded the country's first Risk Service Contract costing RM2.5billion to a consortium comprising Kencana Petroleum Bhd, SapuraCrest Petroleum Bhd and UK's Petrofac to develop and operate the Berantai marginal gas fields. The privatisation of PLUS Expressways Bhd also came to a conclusion when the board accepted the RM23billion UEM-EPF offer after rival bidder Jelas Ulung Sdn Bhd failed to meet the 10 January deadline for a RM50million deposit for their bid to be considered.

Fixed income

Local government bonds generally trended lower, with the 20-year Malaysian Government Securities (MGS) benchmark declining the most. On the economic front for the month of November, exports gained some traction to grow by 5.3% YoY while industrial output also picked posting a YoY growth rate of 5.1%. Meanwhile, inflation edged higher at 2.2% in December 2010. There was healthy demand for the new issuance of RM3.5 billion 10-year MGS, attracting a bid-to-cover ratio of 2.3 times and drawing an average yield of 4.16%. The 3-, 5-, 10- and 20-year benchmark yields rose by 9 to 19 bps to 3.21%, 3.48%, 4.06% and 4.49% respectively while the 7-year benchmark yield eased by 3.7bps to 3.72%.

Bank Negara Malaysia (BNM) also decided to maintain the Overnight Policy Rate (OPR) at 2.75%. In its Monetary Policy Statement, BNM reiterated that the current OPR is appropriate and consistent with their latest assessment of economic growth and inflation prospects. BNM also mentioned that going forward, additional policy tools such as the statutory reserve requirement and macroprudential lending measures may be considered to avoid the risks of macroeconomic and financial imbalances.

Comments

For the month of January, the Fund underperformed its benchmark due to its stock selection. We would look to increase our equity exposure on pullbacks.
