Meanwhile inflation continued to inch higher to 3.20% in April 2011. There was muted demand for the reopening of RM3.5 billion 7-year MGS, attracting a bid-to-cover of 1.6 times at an average yield of 3.75%. The demand for the reopening of RM4.0 billion 5.5-year Government Investment Issues (GII) was also lukewarm, garnering a bid-to-cover ratio of 1.9 times at an average yield of 3.71%. In the Monetary Policy Statement, BNM commented that the Malaysian economy is firmly on a steady growth path. BNM also indicated that they are some signs that domestic demand factors could exert upward pressure on prices going into the second half of the year.
